St. John's Lutheran School
Education Fair 2018

Dear Parents,

For the next several weeks, your child will be working on an Education Fair project in one of the following academic areas: Religion, Mathematics, Science, Social Studies, Literature, the Arts, or P.E.

Students in grades 2 – 8 will be expected to participate in this event. Students in grades K - 1 are invited to do a project if the parents feel it would be an enjoyable project to do together.

On Thursday, February 8, 2018 from 6:30 – 7:30 pm, the projects will be displayed as part of the Education Fair. All students who have entered projects are expected to be there.

Information packets, examples of each step, and suggestions for selecting a topic are available on the school website under "Parent Resources". We hope that you will be as excited as we are about this program.

In Christ's service,

St. John's Faculty
