

Kindergarten

Choosing the Right Education Path

It's that time of year – the time when parents of children ages 4-5 years old make decisions on where they will send their kids for Kindergarten. It is tough to compare the many options in our community so we wanted to give you a glimpse of Kindergarten at St. John's Lutheran.

Kindergarten Curriculum

St. John's Lutheran School has a well-known reputable kindergarten program, with a smooth transition between the two. Also, a St. John's education extends all the way through 8th grade, providing a great place for your child to get a "complete" education prior to high school. These programs have been successful for over twenty years. So if you are in the process of making a decision on kindergarten St. John's is a school you should investigate.

SJLS Kindergarten program includes:

- Developmentally appropriate instruction
- Accelerated components for more advanced students
- One-to-one remediation for students when needed
- Variety of teaching methods for individual learning
- Phonics-based reading program
- Sight word recognition
- Sentence and paragraph writing
- D'Nealian handwriting
- Math focused on 0-30 (adding, subtracting, fractions, telling time, graphs, money, word problems, patterns, geometry, continually reviewing all concepts taught during the year)
- Daily Bible stories to teach the love of God and daily prayer
- Individual assessment to determine first grade readiness

Strengths of the SJLS Program

The many advantages to the St. Johns Kindergarten program include:

- Sandy Bryant – SJLS kindergarten teacher for over 20 years
- Small class size
- Weekly Chapel, Computer, Phys. Ed. and Art classes
- Extras: educational field trips, community service, two musicals
- Mentoring from middle school "partners"
- After school care program available for additional cost

What Children Really Need to Get From Kindergarten

At St. John's, we believe that fundamentally, children need a strong kindergarten program so they can become self-sufficient, self-confident and academically able to do whatever school presents to them.
